We are the The Land Sector Non-State Actors (LSNSA) a network of civil society organizations working together to promote secure and equitable access to land and natural resource for all through advocacy, dialogue and capacity building.

Reference is made to the recent statement made by His Excellency President Dr. William Ruto on 21<sup>st</sup> of May, 2023 at a public rally in Isiolo County regarding valuation of properties conducted by National Land Commission for Compulsory Acquisition. Reference is further made to The Land (Amendment) Bill, 2022, published on 28<sup>th</sup> October, 2022 and that seeks to amend the Land Act No. 6 of 2012 by providing for registration of public land.

We (LSNSA) seek to hold a breakfast meeting to raise concerns and put down a statement in regards to the foregoing. This meeting is an opportunity to raise awareness to the public as to the proposed changes in the Land sector and engage the government on the implication of the transfer of valuation functions from the National Land Commission to The Ministry of Land and raise further concerns as to the place of Housing on Pubic Land in the proposed Land (Amendment) Bill, 2022.
